

Sanket Chavan

About Me

Passionate self-taught Frontend Developer with expertise in HTML, CSS, and JavaScript. Skilled in React.js for dynamic user interfaces. Proficient in browser testing and debugging for optimal performance. Familiar with web development process from design to deployment.

Experience / Projects

Mapty - Workout Tracking Web App::

- Developed Mapty, a workout tracking web app using HTML, CSS, and plain JavaScript.
- Implemented a user-friendly interface that enables users to click on the map to add workouts.
- Utilized ES6 classes to structure the codebase, demonstrating proficiency in object-oriented programming (OOP) principles.
- Achieved outstanding performance, accessibility, adherence to best practices, and SEO optimization as per **Google Lighthouse test results**:
 - Performance: 97
 - Accessibility: 98
 - Best Practices: 100
